PTAC
Nebraska Indian Community College
Procurement Technical Assistance Center

A New Beginning
Success starts with one step, in the right direction, with the right mission.

This procurement technical assistance center is funded in part through a cooperative agreement with the Defense Logistics Agency.

Nebraska Indian Community College is the host agency for PTAC program.

ABOUT NICC PTAC

We are a procurement technical assistance center that provides:

- Technical assistance and training specific to the needs of the business, to assist with economic change and growth.
- To meet at your convenient, face to face, on the phone, via email or virtually.
- A resource, at no cost, available to you to utilize if you are interested in expanding your business into procurement with your local, state or federal governments.
- Support to understand the procurement and contracting process.
- Determine if your business is ready for government contracting.
- Help you to register in the proper locations.
- Research your eligibility for small business certifications.
- Search for contract opportunities.
