## Registration (New and Returning NICC Students)

- **Services for Students with Special Needs-** At the college level, students must self-report their disability to receive accommodations. If a student has an IEP at your school, this can be used as documentation for our [Educational Access Team](#). If the student is registered for course(s) with NICC faculty outside of your institution, we can assist them with the application for accommodations.
- **Attendance-** Early Alerts will occur when student has missed 2 class periods and again when they miss 7 class periods.

## Student Billing

- NICC has eliminated the Student Services Fee as of Fall 2021
- [ACE Scholarships](#)- NICC *does* accept ACE scholarships to cover tuition. Please pay attention to deadlines for application.
- **NICC Tuition Waivers** – NICC honors all students that are dually enrolled. Any student unable to get an ACE Scholarship (or alternative grant funds), their tuition will be covered by NICC.
