

Dakota Alliance Course Articulation

In our shared mission to advance Dakota Language and Cultural studies, Cankdeska Cikana Community College, Nebraska Indian Community College, and Sisseton Wahpeton College recognize the following course equivalencies. These courses will be accepted cross-institutionally as equivalent transfers. Transfer credit between institutions is not limited to these courses. Thus, this articulation pertains only to those courses listed and not to other courses at these institutions. Furthermore, our colleges pledge to continue work to strengthen our Native studies related coursework, which could include shared teaching and curriculum building.
