

Morningside College---Nebraska Indian Community College 2010-2011 Transfer Guide

The transfer guide is designed to help Nebraska Indian Community College students who wish to transfer to Morningside College identify NICC courses that meet Morningside College's Distribution and Flag (general studies) requirements.

Admission Requirements

Transfer students must:

1. Complete an application for admission (online at www.morningside.edu or a paper version).
2. Submit official grade transcript from high school (or evidence of GED).
3. Submit official grade transcripts from ALL colleges attended.

Transfer students who have earned at least 24 transferable semester hours with a 2.25 or better transferGPA meet the academic standards for admission. Transfer students with less than 24 transferable semester hours must defer to the admission policies for high school seniors and first-year students.

Transfer of Credit

A maximum of 62 semester hours from regionally accredited two-year or community colleges may be transferred to Morningside College, of which no more than 16 semester hours of technical/vocational courses will be accepted toward a baccalaureate degree. Exception: Students enrolled in the Degree Completion Program for Registered Nurses may transfer a maximum of 78 semester hours to Morningside College.

A maximum of 94 semester hours may be transferred from regionally accredited four-year colleges or universities, or from a combination of regionally accredited two-year **or** community colleges and four-year colleges or universities.

General Studies: The attached equivalency listing shows courses that have been approved by the Morningside College Registrar as meeting Morningside's current Distribution and Flag (general studies) requirements. There may be additional courses that meet the Distribution and Flag requirements. Students may inquire about course equivalencies by contacting MorningsideCollege's Transfer Counselor.

Major, Minor, Clusters and Elective Courses: Courses submitted for transfer credit for major or minor programs or clusters must be equivalent in methods, subject matter, level of instruction, and requirements to Morningside College courses. The Registrar will determine equivalency in consultation with the Dean of the College and the chairs of the academic departments involved as necessary. Courses submitted as transfer credit for open electives are not subject to the "equivalency test." They are, however, subject to approval by the Dean of the College and the Registrar.

Non-Traditional Credit: Morningside College recognizes students can gain valuable knowledge through experiences outside of the regular classroom setting. For this reason, Morningside will grant a maximum of 32 semester hours of credit toward a baccalaureate degree based on performance in the following areas: Advanced Placement through the high school, College Level Examination Program (CLEP), International Baccalaureate (IB), Academic Credit for College Equivalent Learning (ACCEL), correspondence, electronic credit, and military credit.

Academic Programs

Baccalaureate degrees:

Bachelor of Science
Bachelor of Arts
Bachelor of Science in Nursing
Bachelor of Music
Bachelor of Music Education

Majors:

Advertising	International Affairs
Art:	Management Information Systems
Graphic Design	Mass Communication
Photography	Media & Sales Management
Studio Art	Corporate Communication
Biology	New Media Communication
Business Administration	Mathematics
Accounting	Medical Technology
Economics	Music
Finance	Music
Marketing	Music Education
Human Resource Management	Music Performance
International Business	Nursing
Management	Philosophy
Chemistry	Physics
Computer Science	Physics
Computer Science	Engineering Physics
Applied Computer Science	Engineering Science
Education	Political Science
Elementary	Psychology
Secondary	Biopsychology
Special Education	Counseling
English	General
History	Industrial/Organizational
History	Religious Studies
American History	Spanish
Interdisciplinary (Student-Designed)	Theatre

Minors:

Advertising	Mathematics
American History	Music
Biology	Photography
Chemistry	Philosophy
Citizenship	Political Science
Computer Science	Physics
Dance	Religious Studies
Economics	Secondary Art Education
Electronic Media Production	Spanish
Elementary Art Education	Spanish Teaching
Engineering Mechanics	Special Education
English	Sports Broadcasting
General Business	Sports Management
General Psychology	Studio Art
Graphic Design	Theatre
Industrial/Organizational Psychology	United States Politics
Journalism	World Politics
Legal Studies	

Pre-professional programs:

Chiropractic	Medical Technology	Pharmacy
Dentistry	Medicine	Physical Therapy
Engineering	Ministry	Physician Assistant
Law	Optometry	Veterinary Medicine

**Nebraska Indian Community College Transfer Courses that
Meet Morningside College's Distribution and Flag (general studies) Requirements
Effective September 2010**

(Choose one class from each category)

Composition and Communication Distribution

ENG 102 English Composition II

Quantitative Reasoning Distribution

MTH 112 College Algebra
MTH 120 Algebra & Trigonometry
MTH 203 Contemporary Mathematics
MTH 215 Statistics
MTH 250 Calculus I

American Experience Distribution

HST 205 American History I
