RE: Rapid Reservation Response Program

FROM: Dr. Michael Oltrogge
President
Nebraska Indian Community College

Dear Dr. Brune,

The Nebraska Indian Community College is pleased to join you in your commitment to training community members and veterans in Indian Country territory. The Nebraska Indian Community College can commit faculty curriculum development time, instructional time, and space, including both on-site and virtual classrooms. We will participate in leadership meetings and evaluations and will be available to assist in recruitment of participants. Our proximity to University of Nebraska (Lincoln and Omaha) and University of South Dakota, this territory premier land grant institution, assures us that our partners will collaborate as we seek opportunities to expand our findings from this project.

In our work in rural Indian Country, we believe that our partnerships are built on the strength of local leadership in our community; we will leverage this leadership to ensure the success of this project.

We look forward to working with you,

Sincerely,

Dr. Michael Oltrogge, President
Nebraska Indian Community College
